

MOST ELEGANT MODULAR SERIES

SELENE

When you select class, it shows. You stand apart and exude sophistication, in action, in choice and in standard.

Polycab, proudly announces its foray into the Switches business.

Polycab an ISO 9001:2008, ISO 14001: 2004, OHSAS 18001:2007 company, is India's No. 1 Cables & Wires Company, with a glorious track record of over 4 decades. We have the reputation of being the fastest growing company in the Indian Cable industry. We believe that our competitive edge lies in product innovation as well as superior quality and ready availability. Our Daman and Halol manufacturing facilities were created to address these specific needs. Our manufacturing set-up is state-of-the art, from world renowned suppliers of machinery and technology.

At Polycab, we constantly strive to bring greater happiness to our customers through best in class products and services. We at Polycab understand the importance of both aesthetics and performance. That is why we bring you Selene, our new range of modular switches. The name was inspired from the mythological Greek goddess of the Moon. Our planet's natural satellite, the moon illuminates our nights, often associated with dreams of fantasies. And our switches are no different, these switches not only look enchanting but also perform equally well. Designed for more than just operational functions, these switches are sure to add to the aesthetic values and illuminate your interiors.

SELENE

Switches

Switches are designed to conform to IS 3854:1997. The moving contacts are riveted and have silver inlay design. The rocker is made of special material for longer life and can withstand high temperature. Mechanisms are very easy to install, just snap it on the grip plate and they are ready to use.

Sockets

The sockets are designed to conform to IS 1293:2005 and are suitable for AC and DC circuits having voltages up-to 250V. All the sockets are IP 20 protected and material of construction is Polycarbonate, flame retardant. The shutter are made of self lubricated plastic and ensures that socket are 'child proof'. The 6A Socket is specially designed to take in different pin configuration thus ensures rigid contact for even charger plugs.

Telephone / TV / Data Outlets

These mechanisms comes in single module for ease of installation and flexibility. Twin RJ11, also available in single module. RJ45 sockets are Gold plated, suitable for Cat 5e LAN Cables.

Fan Regulators and Dimmers

Fan regulators come with a 360 degree, 5 distinct steps for 5 different speeds and totally hum free. Our range includes specially designed regulators for 56" fan blade, dimmers for incandescent light and buzzers, ensuring safety and long life.

Other Wiring accessories

Skirting light is designed in 2 Module and with 3 LED.

Salient features:

- Glossy and smooth Finish in White Colour.
- Easy to clean Surface
- Ease of installation
- Smooth Operation
- Child proof Sockets
- Shrouded terminals
- IP 20 degree of protection
- Captive Screw
